CPDS is proud to present a new way to have fun with your horses. We are calling it Dressage/Western Dressage Trail! Trail classes and obstacles add excellent tools to your training routine regardless of your chosen discipline. Here is an opportunity to learn!

Open to all horses and riders. You decide what tack and attire you want to use!

Trail will be available for practice rounds and competing from roughly 10 AM - 2 PM. Ride your dressage or western dressage test and also try trail. We will offer the following levels. Note: you are able to skip elements that you are not comfortable attempting and will not be eliminated (you will receive a score of 0 for that element).

Trail in Hand  
Introductory - simple elements - nothing scary
